Subject: LaVa Project

Good Morning Melissa,
After reviewing all the material you have sent and reviewing the Draft EIS in detail the Wyoming Cabin Association is in total opposition to the Medicine Bow LaVA Project. This project has been reviewed by our Board of Directors as well as the membership at large and we firmly believe that more study needs to be completed prior to any action on the forest.
Thank you for your time and for the ability for us to comment.
If you have any questions, please feel free to contact me.
